(collectively, “McKinsey”).² I am duly authorized to make this supplemental declaration (this “Second Supplemental Declaration”), which is being submitted to supplement my initial declaration filed on January 6, 2021 [Docket No. 1588-2] (the “Initial Declaration”)³ and my supplemental declaration filed on March 11, 2021 [Docket No. 1979] (the “First Supplemental Declaration” and, together with the Initial Declaration, the “Prior Declarations”) on behalf of the Proposed Professionals (as defined below)⁴ in support of the Debtors’ *Application for an Order Pursuant to 11 U.S.C. §§ 363(b) and 105(a) for Authority to Perform and Make Payments Under Two Ordinary Course Consulting Contracts with McKinsey & Company Chile Ltda* [Docket No. 1588] (as supplemented, the “Application”).

2. On October 7, 2021, McKinsey filed a supplemental application for approval of McKinsey’s retention regarding a separate ordinary course contract with the Debtors (the “Supplemental Application”) [Docket No. 3341]. In addition to supplementing the Prior Declarations, this Second Supplemental Declaration further supplements the declaration of my colleague Alex Dichter, a senior partner of McKinsey & Company, Inc., which was attached as an exhibit to the Supplemental Application [Docket No. 3341-2].

3. Except as otherwise noted, the statements set forth herein are based on knowledge I have from my employment position and diligence undertaken by me or professionals working with me and, if called and sworn as a witness, I would testify competently thereto.

² The term “McKinsey” includes any McKinsey entity that provides consulting (including bankruptcy advisory) services. The term “McKinsey” does not include investment affiliate MIO Partners, Inc. and its affiliated investment and advisory services related entities or their employees because they do not provide consulting and bankruptcy advisory services.

³ The motion to which the Initial Declaration was attached as an exhibit was withdrawn for docketing purposes only [Docket No. 1591] and refiled on January 7, 2021 [Docket No. 1592-2].

⁴ All capitalized terms used but not defined herein shall have the meanings set forth in the Application and the Initial Declaration.

Disclosure Regarding Connections of McKinsey

Client Connections

4. As described in more detail in the Initial Declaration, the Proposed Professionals⁵ undertook a comprehensive process to determine whether they had any connections or other relationships that might cause them to hold or represent an interest adverse to the Debtors. Specifically, the Proposed Professionals obtained from the Debtors or their representatives the names of individuals and entities that may be parties in interest in the Debtors' chapter 11 cases (as updated from time to time, the "Potential Parties in Interest"), and such parties were listed on Schedule 1 to the Initial Declaration.

5. Subsequent to the preparation of the Initial Declaration, the Debtors and/or their representatives provided the Proposed Professionals with an updated list of Potential Parties in Interest, and such parties are listed on **Schedule 1** attached hereto. The Working Group⁶ used the same process described in the Initial Declaration to expand the new Interested Parties on the updated Interested Parties List to include all corporate affiliates⁷ that shared a common parent with each new corporate party listed on the Interested Parties List (the "Supplemental Interested Parties"). The Supplemental Interested Parties were then added to the original Expanded IPL.

⁵ The Proposed Professionals are McKinsey Chile, McKinsey US, McKinsey UK, McKinsey Prague, McKinsey Africa, McKinsey Brazil, McKinsey Switzerland, McKinsey Argentina, McKinsey Luxembourg, McKinsey India and McKinsey Italy.

⁶ The Working Group that assisted with preparing the disclosures contained in this Second Supplemental Declaration consisted of a core team of myself, Selina Yu, Sherry Yu, Mikel Acha, and Anubhav Jha.

⁷ As noted in the Initial Declaration, affiliate relationships were deemed to exist where a parent company owned 20% or more of the equity of a subsidiary, analogous to the definition of a debtor affiliate in section 101(2) of the Bankruptcy Code.

(the “Updated Expanded IPL”).⁸ In sum, the Updated Expanded IPL added 64,241 new unique parties (i.e., the Supplemental Interested Parties and their affiliates).⁹

6. The Working Group also used the same process described in the Initial Declaration to compile an updated Client List, using an “Updated Look-Back Period” starting on May 26, 2017 and ending on December 31, 2021 (the “Updated Client List”).

7. The Working Group then used the same process described in the Initial Declaration to check the names on the Updated Client List against the Updated Expanded IPL, and the scope of the check was intentionally broad and inclusive. This search captured not only connections to the Supplemental Interested Parties, but also any new connections to the original Expanded Interested Party List since the filing of the Prior Declarations. The resulting matches, other than the Debtors, not previously included in the Prior Declarations are set forth on **Schedule 2** hereto. Based upon the results of the questionnaire process described in the Prior Declarations and herein, to the best of my knowledge, subject to the disclosures set forth herein, (i) none of these client relationships constitute interests adverse to the Debtors, and (ii) all of these client relationships involved consulting matters unrelated to the Debtors.

Vendor Connections and Banking Relationships

8. The Working Group also compared McKinsey’s records of ordinary-course vendor and banking relationships during the Updated Look-Back Period against the Updated Expanded IPL, and the resulting matches not previously included in the Prior Declarations are

⁸ Because of the voluminous nature of the Updated Expanded IPL, it is not attached to this Second Supplemental Declaration. Copies are available upon request to the Proposed Professionals’ counsel.

⁹ As described in the Initial Declaration, the Protocol does not require such an expansion of the Interested Parties List. The Proposed Professionals undertook this analysis out of an abundance of caution, in part to account for the lack of a computerized conflict-checking database.

set forth on Schedule 2 hereto. To the best of my knowledge, as ordinary-course vendor and banking relationships, none of these relationships constitute interests adverse to the Debtors.

Questionnaires

9. In addition, the Working Group sent supplemental surveys relating to the parties added to the Interested Parties List and the Updated Expanded IPL and connections thereto, to supplement the results of the surveys described in paragraphs 17-20 of the Initial Declaration and paragraph 5 of the First Supplemental Declaration. The results of these supplemental surveys, to the extent not previously disclosed in the Prior Declarations, are reflected in the disclosures set forth herein.

Engagement Team

10. The Working Group also used the same process described in the Initial Declaration to determine whether any McKinsey employees had been added to the Engagement Team since the preparation of my Initial Declaration and to further determine whether any such additional employees resulted in any new Retained Affiliates. Any additional Engagement Team members identified were employees of one of the Proposed Professionals previously identified in my Prior Declarations. Such additional Engagement Team members were included in the connection checking process described herein.

MIO Disclosures

11. In addition, consistent with the Protocol, counsel for the Proposed Professionals sent the Updated Expanded IPL to counsel for MIO to facilitate MIO's search for new connections to Interested Parties. MIO then compared the Updated Expanded IPL to a list, compiled to the best of its knowledge, of its third-party investment managers, direct investments, financial counterparties and service providers (such as vendors) for the Updated Look-Back

Period. Counsel for MIO then delivered the results of this comparison to counsel for the Proposed Professionals, and the resulting matches not previously included in the Prior Declarations are set forth on **Schedule 3** hereto. Based on the results provided by MIO, to the best of my knowledge, none of these relationships result in any Proposed Professional holding or representing an interest adverse to the Debtors.

12. MIO's current board of directors is comprised entirely of retired McKinsey partners and independent members who are not current or former McKinsey partners.¹⁰ To the best of my knowledge, based on the results of the surveys, no member of the Engagement Team served on the MIO board of directors, or worked with any members of that board in their capacities as board members, during the Updated Look-Back Period.

Other Disclosures

13. 26. As described in more detail in the Initial Declaration, McKinsey's consulting affiliates provide services to an array of clients in restructuring and turnaround engagements. To the best of my knowledge, (i) all such relationships during the Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto, and (ii) based on the review process conducted to date, except as otherwise disclosed in the Prior Declarations or herein, (a) none of these relationships constitute interests adverse to the Debtors and (b) all of these relationships involved consulting matters unrelated to the Debtors.

27. As described in more detail in the Initial Declaration, from time to time McKinsey provides overall strategic analysis and advice to companies that operate in the airline industry in which the Debtors operate, which analysis and advice could include review of and comment on strategic considerations with respect to the Debtors, among others, based on publicly available information. To the best of my knowledge, (i) all such relationships during the Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto, and (ii) based on the review process conducted, as described in more detail in the Prior Declarations, except as otherwise set forth in the Prior Declarations and herein, (a) none of these

relationships constitute interests adverse to the Debtors and (b) all of these relationships involved consulting matters unrelated to the Debtors.

28. As described in more detail in the Initial Declaration, as part of its practice, McKinsey provides support to clients on purchasing and supply management relating to direct and indirect materials and services, including in the airline industry and travel sector. Generally, the services consist of fact-based analysis to understand the client's costs and who other potential vendors are, support in developing requests for proposals, and analysis of and advice relating to the responses from vendors. McKinsey generally does not directly contact or negotiate with vendors for its clients. For instance, among other representations, certain McKinsey professionals have provided certain services to Banco del Pichincha and Grupo Aval Acciones y Valores S.A. regarding their respective credit card loyalty programs, and these entities have at times analyzed their mileage loyalty agreements with LATAM as one of the components of those broad projects. To the best of my knowledge, because of their generalized nature and based on the results of the surveys, except as otherwise set forth in the Prior Declarations and herein, (i) none of these relationships constitute interests adverse to the Debtors, and (ii) all such McKinsey client relationships with any Interested Party during the Updated Look-Back Period are set forth in the Prior Declarations, described herein or listed on **Schedule 2** hereto.

29. Out of an abundance of caution I note that, beginning in July 2020, certain McKinsey professionals have provided, and continue to provide, certain services to Empresas COPEC regarding its loyalty program, and that Empresas COPEC has at times negotiated with LATAM in connection with such engagement. Empresas COPEC is an affiliate of interested party Organizacion Terpel S.A.

30. Out of an abundance of caution I also note that during the Updated Look-Back Period McKinsey professionals have provided services to The Airline Tariff Publishing Company (“ATPCO”). ATPCO’s board of directors is comprised of representatives from various airlines, including the Debtors.

31. As described in more detail in the Initial Declaration, McKinsey & Co. owns a Program Management Tool used by McKinsey clients, including the Debtors. During the Updated Look-Back Period, no member of the Engagement Team served on the Program Management Tool Team and, as such, no member of the Engagement Team had access to Program Management Confidential Information during that time.

32. As described in more detail in the Initial Declaration, certain McKinsey consulting affiliates, from time to time, have received non-cash compensation (such as equity securities or equity-like interests in a client) pursuant to alternative fee arrangements or other similar engagements. To the best of my knowledge, McKinsey has no such relationship with the Debtors or any other entity on the Updated Interested Parties List, but nonetheless note that McKinsey may have such relationships with the following entities on the Updated Expanded IPL (or entities affiliated with such entities on the Updated Expanded IPL, as indicated below): Eightfold AI Inc., Evelo Biosciences, Inc., Hyper Labs, Inc. and Praetorian Security, Inc.

33. As disclosed in the Prior Declarations, certain McKinsey employees, including members of the Engagement Team, may have been formerly employed by or otherwise affiliated with, the Debtors, Interested Parties, or other financial or professional services firms that may have served the Interested Parties. I note that, in addition to the McKinsey professionals listed in the Prior Declarations, Juan Garcia Lecompte, Arine Schmidt, Bianca Fernandes, Carlos Cubas Ramacciotti, Daniel Alonso, Ivan Cardenas Gallo, Valeska Venegas Alvarez, Javier Bernuy-

Giraudi, Antenor Chocano Tabja, Enrique Richter Lopez, and Daniel Sedan Mora previously worked for LATAM (or its affiliates or predecessors). Such employees are not on the Engagement Team; however, I note that Pablo Zabaleta, a McKinsey employee who previously worked for LATAM (or its predecessors) as disclosed in my First Supplemental Declaration, is now part of the Engagement Team.

34. Similarly, former McKinsey employees may have been or may be currently employed by, or otherwise affiliated with, parties that may be among the Debtors, the Interested Parties or other financial or professional services firms that serve or served such parties. McKinsey has inquired of the Debtors and has been informed that the Debtors have done a review and can confirm that, to the best of their knowledge, no executive level employee has been employed by McKinsey in the past 3 years.

35. I also note that one McKinsey employee, who is not a member of the Engagement Team, has a pending litigation against LATAM relating to a ticket refund for a LATAM flight in 2022. The hearing relating to this matter has been held, and a ruling by the judge is pending. Another McKinsey employee, who is also not a member of the Engagement Team, filed two civil lawsuits against Linhas Aéreas S.A. in 2019 and 2020, respectively, resulting from a flight cancelation and lost luggage. This matter has been settled and such litigation is no longer ongoing.

36. As disclosed in my Initial Declaration, certain professionals employed by McKinsey (or their immediate family members) may have certain refunds, credits or miles issued by the Debtors that were acquired in the ordinary course. The results of the surveys established that no such professional holds an interest adverse to the Debtors.

37. Based on the results of the surveys, ten professionals employed by McKinsey do or did hold interests in securities issued by the Debtors while McKinsey has been engaged to do work for the Debtors (including prepetition). None of them is on the Engagement Team, and therefore all of them are subject to the information barriers and other protections safeguarding McKinsey's non-public information about the Debtors. Pursuant to McKinsey's personal trading policy (the "Personal Trading Policy"), employees are, absent an approved exception, strictly prohibited from buying or selling securities of any McKinsey client, but they are permitted to own securities of a McKinsey client if the securities were acquired prior to the employee joining McKinsey or prior to the period during which the issuer was a McKinsey client. The results of the surveys, and subsequent follow up, accordingly established that no such professional holds a material interest adverse to the Debtors.¹²

38. Separate from the above and based on the results of the surveys, it was determined that one professional employed by McKinsey presently holds interests in equity securities issued by the Debtors. This employee is not on the Engagement Team, and therefore has been and remains subject to the information barriers and other protections safeguarding the Proposed Professionals' non- public information about the Debtors. The individual acquired these securities after joining McKinsey, in violation of McKinsey's Personal Trading Policy. Upon discovering the employee's trading activities, McKinsey Legal initiated a review and remedial action was taken. In connection with that review, the employee certified that he never held material non-public information regarding the securities in question and that he never has been part of the McKinsey team providing services to the Debtors.

¹² Consistent with Protocol Exhibit B, the surveys did not seek responses regarding ownership or beneficial interests in such securities constituting investments (including through mutual funds and other investment vehicles) that are managed by third parties with delegated investment authority and discretion.

39. As disclosed in the Initial Declaration, in the ordinary course of business, McKinsey is at times engaged to serve as a subcontractor on a larger service contract for a client. For completeness, (i) the ultimate end clients for services during the Updated Look-Back Period are set forth in the Prior Declarations or on **Schedule 2** hereto and (ii) the prime contractors (or their equivalent) for which McKinsey was engaged during the Updated Look-Back Period that are on the Updated Expanded IPL and were not previously included in the Prior Declarations are identified here: Helena Chemical Company, McAfee, and Vietnam Technological and Commercial Joint Stock Bank.

40. Out of an abundance of caution, and in accordance with the Protocol, I note the following additional connections to the Interested Parties disclosed in the survey results or otherwise known to me. To the best of my knowledge, subject to the disclosures set forth herein, none of these relationships constitute interests adverse to the Debtors or is related to the Debtors.

- a. In my First Supplemental Declaration, I disclosed that Jordan VanLare, a McKinsey employee, is married to a partner at Cleary that, at the time of filing the First Supplemental Declaration, was not representing the Debtors. I was subsequently informed that, after the time of filing the First Supplemental Declaration, this partner at Cleary had begun representing the Debtors. Jordan VanLare is not, and has never been, part of the Engagement Team.
- b. Certain members of the Engagement Team, including Jesus Moreno and Sophia Branes, have personal relationships with certain of the Debtors' employees as a result of McKinsey's services to LATAM or non-professional social engagements.

- c. Andrew Zarrilli, a McKinsey employee and a former member of the Working Group, owns stock in interested parties J.P. Morgan and American Airlines. He acquired these interests prior to joining McKinsey.

41. As disclosed in the Initial Declaration, I am not related or connected to and, to the best of my knowledge based on the review process conducted to date, no other professional of McKinsey is related or connected to, any United States Bankruptcy Judge for the Southern District of New York or the United States Trustee, or any employee in the Office of the United States Trustee for Region 2, except in each case as described in this paragraph. Out of an abundance of caution, and in accordance with the Protocol, based on the results of the surveys or as otherwise known to me, I note that:

- a. One McKinsey employee formerly worked as an Assistant United States Attorney for the Southern District of New York, with employees who work in the Office of the United States Trustee for Region 2, from 1995 through 1998 on matters unrelated to the Debtors.
- b. One McKinsey employee formerly worked at a law firm with the Honorable Lisa G. Beckerman from September 2019 to February 2021 on matters unrelated to the Debtors.
- c. One McKinsey employee served as a law clerk for the Honorable Stuart M. Bernstein in the United States Bankruptcy Court for the Southern District of New York from 2016 to 2017.
- d. One McKinsey employee (i) was a judicial intern to the Honorable Sean H. Lane in the United States Bankruptcy Court for the Southern District of

New York during the summer of 2016 and (ii) was a student of the Honorable Martin Glenn in law school.

- e. Several McKinsey personnel have met or worked with employees in the Office of the U.S. Trustee for Region 2 in the limited contexts of McKinsey's roles in other bankruptcy cases or have otherwise met or appeared before certain bankruptcy judges in the Southern District of New York in connection with such bankruptcy cases.

42. Accordingly, except as otherwise set forth in the Prior Declarations and herein, insofar as I have been able to determine after reasonable inquiry, neither the Proposed Professionals, nor their consulting affiliates, nor any member of the Engagement Team holds or represents any interest adverse to the Debtors or their estates with respect to the services being provided.
